

[Intro]

*I'm so glad you made time to see me
How's life? Tell me, how's your family?
I haven't seen them in a while*

[Verse]

And I've been hung up, I'm too close
To the firefight, to your soul
I'm surrounded by your ghost, still taunted by your song

[Bridge]

Please don't go, but don't come to
Please don't go, but don't come too close
Close my eyes take me back home
Close my eyes, take me back to...

[Chorus]

3 AM in the back room, take your dress off
(So this is me swallowing my pride, standing)
Run my fingers through your hair
(In front of you, saying I'm)
I want to feel you all over me, over me
(Sorry for that night, I go back to December all the)
5 AM in a sailboat bed, up and down your waves
(time, it turns out freedom ain't nothing but missing you, wishing I'd realized)
I want to feel you all over me, over me
(what I had when you were mine)
Before I wake up
(I'd go back to December all the time)

[Verse]

I still hear you whisper when I'm sleeping alone
But you've been hardened, you're guarded
You don't want me anymore

[Bridge]

Please don't go, but don't come to
(These days, I haven't been sleeping)
Please don't go, but don't come too close
(Staying up, playing back myself)
Close my eyes take me back home
(Leaving, when your birthday passed)
Close my eyes, take me back to...

(and I didn't call)

[Chorus]

3 AM in the back room, take your dress off

Run my fingers through your hair

I want to feel you all over me, over me

5 AM in a sailboat bed, up and down your waves

(So this is me swallowing my pride, standing in front of you, saying)

I want to feel you all over me, over me

(I'm sorry for that night)

[Bridge]

Please don't go, but don't come to

Please don't go, but don't come too close

Close my eyes take me back home

Close my eyes, take me back...

Please don't go, but don't come to

Please don't go, but don't come too close

Close my eyes take me back home

Close my eyes, take me back...

[Chorus]

3 AM in the back room, take your dress off

(So this is me swallowing my pride, standing)

Run my fingers through your hair

(In front of you, saying I'm)

I want to feel you all over me, over me

(Sorry for that night)

5 AM in a sailboat bed, up and down your waves

(It turns out freedom ain't nothing but missing you, wishing I'd realized)

I want to feel you all over me, over me

(what I had when you were mine)

Before I wake up

(I'd go back to December all the time)

(All the time)

So this is me swallowing my pride

Standing in front of you

Saying I'm sorry for that night

All the time
